

DISTRICT SCHOOL BOARD OF PASCO COUNTY

2023 – 2024 School Year

PROCEDURE: Charter School Student Participation in Interscholastic Extracurricular Activities

Important: Charter school students may participate in Interscholastic Extracurricular Activities at the public school to which the student would be assigned to attend by the district school board.

The following procedures must be followed when a charter school student desires to participate in an athletic team sport or other extracurricular activity at his or her assigned school.

1. The **Charter School Administrator** is required to complete the “*Request for Charter School Student Participation in an Athletic or Extracurricular Activity*” form (**Form CSAP-1**). Charter school students would participate at the public school to which the student would be assigned to attend by the district school board. The Administrator will verify the student's zoned school. To participate at a school not under this assignment, a School Choice Open Enrollment Application would have to be submitted under the website listed below under “Apply On-Line” and reviewed for approval by the District prior to athletic participation.

Individual Home Education, Charter School, Florida Virtual School (FLVSFT), or Pasco eSchool full-time student, who otherwise meets the criteria, is eligible to participate at the public school to which the student would be assigned to attend by the district school board. Please reference [HB 7029](#) for more detailed information.

Pasco County School Choice Website

http://www.pasco.k12.fl.us/ed_choice/school_choice/registration

2. The **Charter School Administrator** will forward the completed “*Request for Charter School Student Participation in an Athletic or Extracurricular Activity*” form (**Form CSAP-1**) to the **Athletic Director** of the school at which the student will participate in the athletic activity at least ten (10) business days prior to the **try-out date**.
3. The **Charter School Administrator** will forward a copy of the completed “*Request for Charter School Student Participation in an Athletic or Extracurricular Activity*” form (**Form CSAP-1**) to the Charter Schools Program Coordinator.
4. The Charter Schools Program Coordinator will review **Form CSAP-1** to verify the student's assigned school.
5. If the charter school student is approved to participate in the athletic team sport or extracurricular activity, the **School Athletic Director** will complete the “*Participation in Extracurricular Activities*” (**Form CSAP-2**). The Athletic Director is responsible for forwarding the completed “*Participation in Extracurricular Activities*” (**Form CSAP-2**) to the Charter Schools Program Coordinator.
6. The Charter Schools Program Coordinator will forward a copy of the “*Participation in Extracurricular Activities*” form (**Form CSAP-2**) to the Office for Finance Services. Finance Services will invoice the charter school for payment of School Board approved fees.

DISTRICT SCHOOL BOARD OF PASCO COUNTY

Athletic Activities Fees for Charter School Students

2023 - 2024 School Year

The Pasco County School Board has approved the following fee schedule when a charter school student has been approved to participate in an athletic program at his or her assigned school.

The approved athletic activities fee must be paid by the charter school for each participating student. The charter school shall not place the responsibility for payment or reimbursement of the fee on the student or student's parent/guardian. Students or their parents are responsible for athletic program participation fees only.

The fee is intended to compensate the student's assigned school for certain costs incurred when a student who is enrolled in a charter school participates in an athletic program. This fee will assist in covering such costs as equipment, travel, referees, and other expenses.

The Office for Finance Services will invoice the charter school for the appropriate fee after it has been confirmed that the student is participating in the athletic activity.

Charter School Fees:

Middle School Fees

\$125.00	Football
\$100.00	Volleyball, Basketball, Soccer
\$ 75.00	Track, Cheerleading

High School Fees

\$150.00	Football, Lacrosse
